THANK YOU FOR YOUR DONATION OF \$

Thank you for supporting the non-profit Upper Snoqualmie Valley Elk Management Group (USVEMG). Your gift helps our group meet our core objectives including:

- Developing an adaptable, sustainable long-term elk management plan for the Snoqualmie Valley in conjunction with:
 - Continued annual surveys to document elk numbers and losses, the types and location of habitat being used, and possibly the types and location of habitats being avoided.
 - Working with landowners and cooperators to designate and promote areas for public viewing of elk.
 - Identifying key elk habitat that could benefit from establishing protection through lease agreements, easements, landowner incentives, fee purchase, or other means.
- Educating and working with the public to create solutions to issues associated with elk related property damage.
- Supply data to state and local governments to reduce public safety risks associated with elk.

Your support enables us to direct our resources where they are most needed – helping fulfill our elk research objectives.

Sincerely,

Scott Phelps

USVEMG President
